

# Breathe

The Cinematic Orchestra

Oh that song you're singing  
Singing into me  
Over everything  
I used to be

Oh that song that you're singing  
Singing into me  
Slow and sweet

It carries me  
carries me  
carries me  
Out to sea  
And swallows me  
Into the deep

and comfort me  
and comfort me

Oh that weight  
is lifting  
lifting off me  
it carries me  
out to sea  
and swallows me

and swallows me  
and swallows me  
Yeah  
Into the deep  
and comfort me  
and comfort me  
in  
into the deep  
and comfort me  
and comfort me  
and comfort me

[ends with humming]

Breath unto me  
Breath unto me  
Breath it into me  
Breathe out into me  
Breathe into me  
oh breathe out  
though me  
why don't you breathe into me
