

Evolution

The Cinematic Orchestra

The stars light up my life
The stars light up my life
So bright
Everlasting

The sun
Light up my life
Oh, oh yeah (4x)

What I need
The sun
And dawn
Your love
Or your life
So bright
Everlasting
Oh, oh yeah (2x)

Evolution...
Evolution...

The stars light up my life
So bright
Everlasting

The sun
Light up my life
