

# **Evolution**

**The Cinematic Orchestra**

The stars light up my life  
The stars light up my life  
So bright  
Everlasting

The sun  
Light up my life  
Oh, oh yeah (4x)

What I need  
The sun  
And dawn  
Your love  
Or your life  
So bright  
Everlasting  
Oh, oh yeah (2x)

Evolution...  
Evolution...

The stars light up my life  
So bright  
Everlasting

The sun  
Light up my life
