

Brand New

The City Harmonic

This young heart: it needs You
Mark by fire: brand me new
It's only in Your hands I even stand a chance
It's only by Your grace that young hearts can be made
Brand new
This old soul: it needs You
Take my all and make brand new
It's only in Your love that life amounts to much
It's only by Your peace that this old soul can be
Brand new
So change my mind: it needs You
Captivate: make brand new
It's only in the Light that I find peace of mind
And it's only by the Son that a mind can be made up
Brand new
With all my strength I need You
So take old wine: make brand new
It's only in Your blood that death can be undone
And when sweet dawn shall break: on that day I'll awake
Brand new
