

Forget Me Not

The Civil Wars

I've been awaiting for you
And you've been awaiting for me
Tell me that you'll always be true
And you'll be the only one for me
Forget me not my dear, my darling
Forget me not my love
I just wanna hold your hand
Hang on every word you say
Let's write a song for us
And sing until we're old and grey
Forget me not my dear, my darling
Forget me not my love
I'm coming home real soon
Please leave a light on for me
Tell me that you'll always be true
And you'll be the only one for me
Yes, you'll be the only one for me
