

Hey You

The Clarks

If you're gonna jump
Hey you, hang on
If you feel like giving up
Hey you, hang on

I won't forget today
The sun is bright the sky is blue
The pain will go away
In another year or two

If you got a phone
Hey you, call home
If you got a voice
Hey you, rejoice

I won't forget today
The sun is bright the sky is blue
I won't forget to pray
Day is night the world is new
The pain will go away
In another year or two
In a hundred years or two

If you're gonna fly
Hey you, don't cry
You gotta live to die
Hey you, goodbye
