

## If I Fall Through

The Clarks

If I stop and say that's it what would you do  
If I lie down and quit and put an end to you  
If I fall through that hole would you pick me up  
If I lose my control and break your loving cup

If I fall through  
If I fall through

If I love you too hard would you slow me down  
If I crawl through your yard my face on the ground  
If I fall through that hole mighty river below  
If I lose my control would you not let go

If I fall through  
If I fall through

If I fall through  
If I fall through  
If I fall through  
If I fall through
