

Sound The Warning

The Clarks

All I wanted was to find my way
All I wanted was to save the day
All I wanted was to be your friend
That's all I wanted in the end
From the corner of my eye I saw you flaming across the sky
There was nothing I could do than to burn up next to you

There's a fire burning in me
It's a storm bound to win me over
People run, December morning
They run to sound the warning
Over

When we lay down in the grass
All my feelings turn to ash
All the pieces of my soul
Heart to harden into coal
In the middle of the stormy weather
When our bones start to fuse together
All the protons and unnamed neutrons
Explode in me

There's a fire burning in me
It's a storm bound to win me over
People run, December morning
They run to sound the warning
Over, it's over

Sound the warning
Sound the warning
Sound the warning
Sound the warning
