

## Capital Radio

The Clash

Yes, it's time for the Dr. Goebbels show!

There's a tower in the heart of London  
with a radio statino right at the top  
they don't make the city beat  
they're making all the action stop

a long time ago there were pirates  
beaming waves from the sea  
but now all the stations are silenced  
'cos they ain't got a government liscense

wanna tell me your problems  
phone in from your bedside room  
having trouble with your partner?  
let us all in on the news

if you wanna hear a record  
get the word from Aiden Day  
he picks all the hits to play  
to keep you in your place all day

capital radio  
in tune with nothing  
don't touch that dial
