## **Capital Radio**

The Clash

Yes, it's time for the Dr. Goebbels show!

There's a tower in the heart of London with a radio statino right at the top they don't make the city beat they're making all the action stop

a long time ago there were pirates beaming waves from the sea but now all the stations are silenced 'cos they ain't got a government liscense

wanna tell me your problems phone in from your bedside room having trouble with your partner? let us all in on the news

if you wanna hear a record get the word from Aiden Day he picks all the hits to play to keep you in your place all day

capital radio
in tune with nothing
don't touch that dial
