

# Fingerpoppin'

The Clash

This here finger of mine  
Is gonna point to the beat, right on time  
This finger points in a brand new dance  
This finger points for a new romance

This here finger's got no ring  
It'll point at anything  
This finger points gonna pop tonight  
Gonna point at the best girl in sight

Don't talk shop  
Fingerpop  
Don't talk shop  
Fingerpop

Girls, girls round the floor  
Are you wondering what you came for  
Why do these boys stand in groups  
Are they urban tribes of fighting troops

Girls, girls it's time to act  
Time to beat gonna make contact  
Make it plain and make it clear  
Just point out who you want to hear

Don't talk shop  
Round the house  
Fingerpop

Dont' talk shop  
(???)  
Man or mouse

Don't talk shop  
Fingerpop  
Don't talk shop  
Fingerpop

Boys, boys cat got your tongue  
Can't you see she's the prettiest one  
Better act real hurt  
Just turn around kickin' the dirt

This here (???) is on selling street  
Tell the girl who you want to meet  
This here finger gonna point tonight  
Gonna point at the best girl in sight

Gonna move  
Gonna move  
Gonna move  
Gonna move

Girls, girls go around the floor  
Can't remember what you came here for

Don't talk shop

Fingerpop  
Don't talk shop  
Fingerpop

This here finger of mine  
Gonna point to the beat, right on time  
This finger points in a brand new dance  
This finger points for a new romance

This here finger's got no ring  
And it gets to point at anything  
This finger points rock tonight  
Gonna point at the best girl in sight
