

Lacewings

The Clientele

Only a word is in my mind
We'll get high and we'll go watch the lacewings fly
We'll get high and we'll go watch the lacewings fly

Ever since I saw you
Ever since I saw you, I
There are violets on the shore
There are violets on the shore tonight

Only my words are real tonight
We'll get high and we'll go watch the lacewings fly
We'll get high and we'll go watch the lacewings fly

All the autumn patients, stretching out their arms
towards the fire
Close my eyes this sleepless night, close my eyes and
I am burning higher

Goodbye goodbye goodbye goodbye goodbye
