## The Ciks

Hang tight  
You say  
Just turn the other way  
Your lie  
My name  
A soul without a face

Now I feel this  
Come full circle  
And I want you to know

Hell isn't far behind you now  
It's waiting, waiting  
If I could just reach you somehow  
I'd change them  
Turn them inside out

My head  
Hangs out  
With all discord about  
You smile and say  
God just made you that way

Now I see you  
As the culprit  
And I want you to know

I can't let go  
This much I know  
Hold up my bleeding heart  
And feed it to your soul

My suffering  
Will end now on this plain  
Until you change  
Don't start this heart again

Now I feel this  
Come full circle  
And I want you to know
