

# Eyes In The Back Of My Head

The Clik

You can't play here  
You can't  
You can't stay here  
You should so dissonant  
You know your face  
it don't rit right  
Get out your dukes man  
Lets take it outside

Say, Say, Say, Say no, its easy  
Say, Say, Say, Say no, its easy

I hear you faking  
and I can see  
You're compensating  
You're trying to get me  
I could taste your fear  
as you kissed my face  
Judas heart, I am aware

Say, say, say, say no, its easy  
Say, say, say no, its easy  
Say, say, say, say no  
Say, say, say, say, say  
No, No, no, no, its easy  
say, say, say no

When I'm wasted, you sucker  
punch me  
So complacent, I know, I know  
I know, I know  
You can't take it, uh ohm uh oh  
uh oh, uh oh  
So now you'll try, you'll try to take her away
