

Haunted

The Clik

I know you're patient
I know you'll wait
But it's complicated
And I can't stay

So pull me over
As I push you away
My head is achin' baby

I know it's a haunted place to go
I, I know I can't take you anymore
I know, I know, I know

Here for the taking
But not to taste
Come here and touch me, baby

I know it's a haunted place to go
I, I know I can't take you anymore
I know, I know, I know

So, why ya sitting here wasting time
While I lose my mind
Say you'll tremble with me
Baby 'till the end
We can't just be friends
