

## Misery

The Clicks

I saw you praying on the  
doorstep of pain  
I saw you praying to a god  
you can't name

Oh they said you were lovely  
but all I see is ugly

I saw you fall down and  
not get up again  
I saw you fall down,  
Saw you fall down my friend

I saw you walking down these  
sheltered blue halls  
(I saw you walk, I saw you walk, I saw you walk)  
kicking and screaming  
only I heard your calls  
(I saw you walk, I saw you walk, I saw you walk)

Of they said you were crazy  
and I'd have to agree  
You should've fallen  
Should've fallen with me  
'Cuz you know baby,  
How I love company  
'Cuz you know baby

How I love, how I crave  
How I love, How I crave  
Oooh...

You should've fallen  
Should've fallen with me  
'Cuz you know baby,  
How I love company
