

We Are The Wolverines

The ClikS

Hard time
Come closer
It tight
My shoulder
Hang up
This picture
You wanna hunt down
So you don't linger

You said it was over
You said you were running out
But isn't she clever
The way she fuss about
The way she fuss about

We all come from the wheel and fire
We are, we are, we are the wolverines
Burning in your heart's desire
We are, we are, we are the wolverines

I'd never have it any other way
Waiting to stand outside your door
I can't believe that I just heard you say
You want it done, but you want more

You said it was over
You said you were running out
But isn't she clever
The way she fuss about
The way she fuss about

We all come from the wheel and fire
We are, we are, we are the wolverines
Burning in your heart's desire
We are, we are, we are the wolverines
We are, we are, we are, we are,
We are, we are, we are, we are

Hold on
Your breath
Let you go
