

## No Time To Waste

The Coffinshakers

Well, I ain't got no time to waste  
I need a lady right now, so chaste  
It's getting near dawn, and I must confess  
This night has been a terrible mess

I've been hunting high and low  
But my luck's been pretty cold  
Hunting up and down, running through town  
Listening for a sound, nobody's around

The last thing I need is a chase  
'Cause I ain't got no time to waste

Yeah, I ain't got no time to waste  
I gotta get out of this place  
It's getting near dawn, and I'm in a mess  
The daylight leaves me in much-a-distress

I've been hunting...

Ain't there any blood in this place?  
'Cause I ain't got no time to waste

I ain't got no time to waste  
The graveyard is my place  
It's getting near dawn, and it's a long way to go  
I ain't nothin' but a vampire who's lost his soul

I've been hunting...

All I'm asking for is a taste  
Ain't got no time to waste
