

## Heading Back East

The Color Fred

wait for me I said,  
I'm as good as getting old  
like the rest  
she says  
I'm not getting any younger  
wait for me I say  
this is as good as getting old like the rest  
she says  
I'm not getting any younger

Wait I think I figured it out  
and I've reached the same conclusion myself, yeah myself  
I'm not getting any younger.  
And the worst, worst part is that you're throwing it away  
by waiting, yes you're throwing it away by waiting, by waiting.

I'm not getting any younger (wait)  
I'm not getting any younger (wait)  
And as far as I can see (wait)  
I'm not getting any younger (getting any younger)  
I'm not getting any younger (getting any younger)  
I'm not getting any younger.
