

Wishing Wells

The Colourist

Let's start this world
Let's leave this town
Let's pack our bags and head for the hills
I can see it now
I can't tell you how
'til the sun goes down
but I can feel it in my roots
That it's all clear now

They keep on tugging and tugging this rope
Let it all fall out
I'm leaving on a spot of goodluck, spot of goodluck
You can't stop me now

I found the beat to your heart
And I've been dancing to it night and day
We've already gone this far
So let's take it to the next day

I'm sick of hearing what if, what if
Just follow what you're feeling for
If you don't know what you're looking for
Just follow what you feel, Just follow what you feel

Let's take a walk
Down this empty street
Well, the ones was light but now that it's not
It's just you and me

Don't listen to a word that you've been told
'cause I can tell you too
We'll leave into a land of wishing wells, land of wishing wells
token for two

I found the beat to your heart
And I've been dancing to it night and day
We've already gone this far
So let's take it to the next day

I'm sick of hearing what if, what if
Just follow what you're feeling for
If you don't know what you're looking for
Just follow what you feel, Just follow what you feel

I'm sick of hearing what if, what if
Just follow what you're feeling for
If you don't know what you're looking for
Just follow what you feel, Just follow what you feel

I don't, I don't know you very well
Soon I'll found out who you really are

I don't, I don't know you very well
Soon I'll found out who you really are

I don't, I don't know you very well
Soon I'll found out who you really are

I don't, I don't know you very well
Soon I'll found out who you really are

I'm sick of hearing what if, what if
Just follow what you're feeling for
If you don't know what you're looking for
Just follow what you feel, Just follow what you feel

I'm sick of hearing what if, what if
Just follow what you're feeling for
If you don't know what you're looking for
Just follow what you feel, Just follow what you feel

I'm sick of hearing what if, what if
