

# Slip Away

## The Commitments

What would I give for just a few moments  
What would I give just to have you near  
Tell me you would try to slip away somehow  
Oh, I need you darling, I want to see you right now

Can you slip away  
Slip away, slip away  
Oh, I need you so

Ho, ho ho, how sweet it is  
When you steal it darlin'  
Let me tell you how sweet it is

Now I know it's wrong the things I ask you to do  
But please believe me darling, I don't mean to hurt you  
But could you slip away without him knowin' you're gone  
Then we could meet somewhere, somewhere we both are not known

Can you slip away  
Slip away, slip away  
I, I need you so

Yes, I need, I need you so  
Oh yes, I need you so

Slip away  
Why don't you slip away?  
Can you slip away, honey  
Why don't you slip away?

Can you slip away  
Slip away, slip away  
I, I need you so

Oh, can you just slip away, baby  
I'd like to see you now, right now darling  
'Cause I got to, I've got to see you  
Yeah yeah

Slip away  
Slip away  
Slip away  
Slip away  
Slip away  
Why don't you slip away?

Slip away  
Slip away  
Slip away  
Slip away  
Slip away  
Why don't you slip away?  
Slip away
