

## Free Ride

The Concretes

you have been waiting long to get over  
some are already gone  
still the walk is hard as hoping  
for the only one  
and all is you and a free ride back  
and all I know there's a rise in the sun in me  
if I will love again  
will my heart allow  
still the walk is hard as hoping  
for the only one  
all is you and a free ride back  
and all I know there's a rise in the sun in me

and all is you and a free ride back  
and all I know there's a rise in the sun in me  
and all is you and a free ride back  
and all I know there's a rise in the sun in me  
and all is you and a free ride back  
and all I know there's a rise in the sun in me
