

## Teen Love

The Concretes

I hope everything's alright with you  
Maybe I should go and see about you  
Collect some love, if you don't mind  
Collect some love, if you don't mind, no

My heart it grows

I smile a second, then it's gone  
When I realize I'm all alone  
Why is it so hard? No, I won't cry  
Why is it so hard? No, I won't cry

My heart it grows

Fallin'  
Fallin' in  
I've fall'n in love with you

Carry me home, the night is dark and long  
I think I'm done with all the people taking part  
So I move much closer, I don't mind  
And I leave a mark on your face, I don't mind, no

My heart it grows

Fallin'  
Fallin' in  
I've fall'n in love with you

Fallin'  
Fallin' in  
I've fall'n in love with you
