## **Flourish**

## The Contortionist

The rebirth of intelligent life will restore this planet's cosm ic status\*

As the surface draws into focus, every variance and nuance real ized.

The simple birth.

Time is moving forward. Elapse. Evolve. Expand. Adapt.

Balance is reached between the parent star.

Sustained permanence proves imperfect existence, integrated.

Adaptation runs parallel with surviving global conflict.

Endless motion.

Now the experience is long gone.

We won't forget it's entrancing stare, as long as we recall it's grip.

Stellar forces are keeping us alive.
