

Only To Other People

The Cookies

I've been told that dreams come true
that handsome boys fall in love with you
but I've only seen it happen in the movies

only in fairytales
only in the books i've read
and only to other people

so many times I've heard them say
"by your time he'll come your way"
but I've only seen it happen in the movies

only in fairytales
only in the books I've read
and only to other people,

only to other people... (4x)

My heart and soul belong to you
but of course you couldn't love me too
cause it only seems to happen in the movies

only in fairytales
only in the books I've read
and only to other people

only to other people... (4x)

it never happens to me...
