

Symptoms of a Down

The Cool Kids

I'm sick coming down with the symptoms
Heart broken and I'm crying for attention
I'm only with them girls cause they hold me
I'm only with them girls cause I'm lonely

I'm only with them girls cause they hoes (and they hold me)

So I gotta know
You could tell me now or we could wait until the show
I ain't got the time so I blame it on my eyes

You know when it's water
You tryna find a fire
Everybody wants the summer till it gets a little hotter
That's perspective in a sense
Niggas frontin on the only thing they need in this bitch
Runnin from emotions that ain't seem to exist
Never cease to exist
(I could be in love with you and still stay in something new)
That's just a number two
You already know the one
And get a few more cause it's really for the look
And that's shallow like a muhfuckin basement flood
You need a soul tryna see who you could take it from
But you don't know better movin 04 stutter
You say you don't love her "fuck hoes get money"
Till you see her with another got you feelin like a dummy
Now you wanna fight em that's the realest shit I'm writin

This a lease just to rent not to own it
This shit was cool till you tried to control me
But girl slow that ass down to a low speed (yuh yuh yuh)
Pump the brakes up
It take a lot more than some pumps and make up
To keep me on deck girl you see these pajamas
I sleep with the silk on (every dog need a milk bone)
I hung up the phone hung up phone

Six on my hip but your call get declined
The power of that snapper will have her living in your castle
Then right after that
It's her sister and her nephew (DAMN!)
That's her game plan
It's a shame too
Your niggas finna flame you
Your team finna trade you
All because you couldn't keep the difference

Faker than A gamecast, cause you lust most wanted
Love games got you stuck, like Nintendo buttons
It's all stress symptoms, sex addictions, love interests
