

## Did You Miss Me?

### The Cooper Temple Clause

Did you miss me?  
I bet you did?  
Did you miss me?  
And what I did?

How's it going kid?  
How's the love life?  
Not good?  
Good

I'm back now  
Back with what I got  
But its not for sale  
It's for someone else

Someone beautiful  
Someone who loves  
Not you

She screams my name  
Yeah she makes me rise  
With the look in her eyes that you will never give  
And she knows just how to hit the spot  
She gives it all she's got  
Then

Shit I blow my top  
And we kiss  
And we writhe  
And this is everything I miss with you

And no matter how hard you try  
With each and every lie  
You'll never scream my name  
She can scream my name
