

57 North

The Copyrights

57 north, Friday night
There's a college to the left of me, a prison on the right

Coast to coast radio is keeping me awake
Watching the moon floating on Rend Lake
Saw it just before the Ina exit
Is it ironic, or just depressing?
Probably both

57 north, Friday night
There's a college to the left of me, a prison on the right
57 north, Friday night
There's a college to the left of me, a prison on the right

57 north, Friday night
There's a college to the left of me, a prison on the right
57 north, Friday night
There's a college to the left of me, a prison on the right
