

Face For Radio

The Copyrights

I'm not that funny not that nice
I'm always right and I won't compromise
Bitch and moan a real headcase
But she always has a smile on her face
It'd be easier to understand if I was a more attractive man
But I'm not so
Got a face for radio why can't she see
Got a face for radio she's got eyes for me
It'd be easier to understand if I was a more attractive man
But I'm not so
Got a face for radio why can't she see
Got a face for radio she's got eyes for me
