

Coney Island

The Coral

Once I went
To Coney Island
Took a city train

It was cold
I was far away
It all comes back again

On this sweet day
On this sweet day

Once I swam down
By the rocks
In the salted sea

The sun was hanging
Over the mountains
It all comes back to me

On this sweet day
On this sweet day

On this sweet day
On this sweet day...
On this sweet day
On this sweet day...

It's all in your mind, you know
It's all in your mind
We're out on the water now
It's all out of time
It's all in your mind
It's all in your mind, you know
It's all in your mind
We're out on the water now
It's all in your mind.
