

Migraine

The Coral

(Migraine)

Doctor doctor, won't you help me please

(My brain)

Doctor doctor, I'm down on my knees

(Migraine)

I feel it runnin' from my toes to my brain

(My brain)

Tried every potion but it can't be tamed

(Migraine)

(Migraine)

Doctor doctor, turn my head round

(My brain)

Doctor doctor, what's it all about?

(Migraine)

I feel nervous, and I'm feelin' sick

(My brain)

My body's shakin' an' I'm shittin' bricks

(Migraine)

(My brain)

Doctor doctor, can you find a cure?

(Migraine)

Doctor doctor, should I stay indoors?

(My brain)

I go to parties and I just freeze

(Migraine)

Think I'm infected with a social disease

(My brain)

Think I'm infected with a social disease

(Migraine)

Think I'm infected with a social disease

(My brain)

Think I'm infected with a social disease

(Migraine)

Think I'm infected with a social disease

(My brain)

Yeah, these things just caused by a calcium deficiency

Try eating some apples or something, yeah.

Apples or something.
