More than a Lover

More than a lover Don't you know You'll always he A good friend to me

When tears are discovered Don't you know I'll always help A good friend in need

But what's done is done So I sing to you A song we left unsung When you're falling down And sometimes it seems Too much to carry on It's too much to carry on

More than a lover Don't you know You'll always be A good friend of mine

Where pain is uncovered Will you walk with me Through the burden Of time

But what's done is done So I sing to you A song we left unsung When you're falling down And sometimes it seems Too much to carry on It's too much to carry on

When you can't break away And you find Sorrow splits the sky Twisting your heart inside But there's nothing left to hide Nothing left to hide

But what's done is done So I sing to you A song we left unsung When you're falling down And sometimes it seems Too much to carry on It's too much to carry on ...
