

# Addicted To Progress

The Coronas

I'm all over the place  
You say I'm head strong  
The look on my face is just a little off  
And obviously I know I've had it easy  
I've dreamed I've seen things but now I'm greedy  
You now I you so don't you say that  
If you and me, would want to embrace that  
The only thing embedded in my mind is in my mind set, is how I'  
m addicted to progress

And if I had a rainbow  
I'd put the end of it at our toes  
So nobody could find us  
Let the colours always bind us

And just like we were fourth and growin content  
With me its more than likely to be all nonsense  
Don't get me wrong I know its in our mind sets  
We oughta be addicted to progress

If I had a rainbow  
I'd put the end of it at our toes  
So nobody could find us  
Just let the colours always bind us

But if I had a rainbow  
I'd put the end of it at our toes  
So nobody could find us  
Let colours always bind us

And if I had a rainbow  
I'd put the end of it at our toes  
So nobody could find us  
Let the colours always bind us

And If I had a rainbow, Ooh  
And If I had a rainbow, Oooh, oh-oh
