

The Long Way

The Coronas

I'm glad that you were here tonight
I've got something that's been on my mind
Cause I thought I knew how to play along
I tried as hard as anyone
But I was just one step behind
And it shows, yeah it shows
Yeah it's just like us to take the long way home

I'm glad that you were here tonight
We showed apart the perfect time
Do you wanna try? I can waste another year
I parked the car a mile away
So we'll have to walk, if that's ok
We can take our time
There's so much you need to hear

Have you ever thought that you knew your life?
So in control, but everytime
You just wanted to let go
Cause we're further now than we've been before
We don't talk the same way anymore, no oh
And you know that it shows
And it's just like us to take the wrong way home

I'm not too sure what I've become
But I tried as hard as anyone
Do you wanna go? Again once more this year?
I parked the car a mile away
Give me your shoes, I'll take your weight
Yeah, we have the time
There's so much you need to hear, oh uh oh
Oh oho, oh oh, oh oho

And I'm so proud of you
You always stood your ground
And I know how much you've got fucked around
Before I let you go
There's so much you need to hear
I parked the car a mile away
So we have to walk, I hope that's ok
Do you wanna try? I can waste another year
Oh uh oh
