Are You In Love With A Notion

The Courteeners

Run away from this God forsaken place And hide away from everybody's prying face You told Deborah that he is the one You're going to quit Debenhams Elope and get married in the sun

Have you really thought this through? Is he really the one for you?

Why are you so in love with Why are you so in love with a notion? It doesn't do you any good It doesn't do you any good at all

You linger on a feeling
That you can't quite put your finger on
Reminiscent of a summer in the Isle of Wight
But you think that it's too late
To back out at this stage
You need to emancipate
Step back and disengage

Have you really thought this through? Is he really the one for you?

Why are you so in love with Why are you so in love with a notion? It doesn't do you any good It doesn't do you any good at all

I dunno if he'd stay or if he be on his pedalo Cramping from the frantic pace You told Alison next door That all your dreams were made But then your home screen flashed some more He never was one for serenade

Have you really thought this through? Is he really the one, really the one?

Have you really thought this through? Is he really the one for you?

Why are you so in love with Why are you so in love with a notion? It doesn't do you any good It doesn't do you any good at all
