

Kimberley

The Courteeners

Who is that girl? I think it's kokaine kim
I've not seen her face in ages
Tell me where she's been
Oh kokaine kimberly is dancing by the door
Have you seen her slightly slender self
Sleeping on the floor?

Oh kokaine kim, that girls off the rails
Sparkling teeth, needle nights
Champagne fairytales
Oh girl from Timperley
Who is that guy your with?
I hope he treats you really very nicely
The two days you've got left to live
