

Save Rosemary In Time

The Courteeners

Tried your luck by the vending machine
You think that they'll never suspect a thing
But I'm smarter than the average bear
And I'll be buying that ring

I'm gonna save Rosemary in time

You've taken her prisoner
But I've got a get out of jail free card
And I'm slipping it to her
Cause if you gimme an inch I'm gonna take a yard

I'm gonna save Rosemary in time

Don't say nothing I will be there any day now

Time is ticking, I don't wanna alarm you
I'll be your knight in shining armour
You gotta get out, I don't wanna alarm you
I'll be your knight in shining armour

I'm gonna save Rosemary in time

Don't say nothing
Don't say one word
Don't say anything at all
