

Summer

The Courteeners

So I said, I said, "What's your name
And where'd you wanna go from here?"
She gimme a little grin
And it went from ear to ear

She said, "This feels right
Everything tonight"
Forget the breath of the rest of the room
They'll flog themselves to death
And we'll be under the moon

I don't have to go
I could always stay
In this embrace forever
Or at least one more day
One more day

So I said, I said, "Where do you belong?"
I saw that little twinkle in her eye
She pulled me up and said "Dance to this song"
I said, "Now, this feels right
Everything tonight
Forget the eyes of the monsters green
A collection of critters cutting a desperate scene."

I don't have to go
I could always stay
In this embrace forever
We're not listening anyway

I don't have to go
I would like to stay
In this embrace forever
Or at least one more day
One more day

I don't have to go
I could always stay
In this embrace forever
We're not listening anyway

I don't have to go
I would like to stay
In this embrace forever
Or at least one more day
One more day
