

# Love American Style

The Cowsills

Love, Love, Love {CLAP}  
Love, Love, Love

Love, American Style,  
Truer than the Red, White and Blue.  
Love, American Style,  
That's me and you.

And on a star spangled night my love.  
(you can rest) You can rest your head on my shoulder (shoulder)  
.  
Out by the dawn's early light, my love  
(I will defend) I will defend your right to try.

(I'll defend your right to) Love, American Style,  
Free'r than the land of the free.  
Love, American Style,  
That's you and me.

We pledge our love 'neath the same old moon,  
(but it shines) But it shines red and white and blue now.  
Upon this land of hopes and dreams, my love,  
(all that I hope) Where all I hope for tis of thee

(all I hope for tis of) Love, American Style,  
Truer than the Red, White and Blue.  
Love, American Style,  
That's me and you.

And in this land of hopes and dreams, my love,  
All that I hope for tis of thee
