

Color Me Black

The Cramps

Color me black
Color me black
I'll probably stab you in the back
Color me black

I ain't talkin' 'bout no pigmentation
I ain't talkin' 'bout nuclear disintegration
I ain't talkin' 'bout no smokin' stack
I ain't talkin' 'bout sittin' in the back

Color me black
Color me black
I'll probably stab you in the back
Color me black

I'm like some cat in a cave
On the edge of tomorrow
Basking in the shade
Of someone's sorrow
Color me black
Color me black

Is it state of mind
When some stars align
Is it pharoah's curse
The camelwalk in reverse

Color me black
Color me black
I'll probably stab you in the back
Color me black

Black lace
Black leather
Black vinyl
All together now
Color me black
