## I Can't Hardly Stand It

The Cramps

Well, the sun's gone down And you're uptown And you're just out runnin' around

I can't hardly stand it You're troublin' me I can't hardly stand It just can't be Well, you don't know, a-babe I love you so You got me all tore up, all tore up

You say you're trough with me You're settin' me free You're just out with your used-to-be

I can't hardly stand it You're troublin' me I can't hardly stand It just can't be Well, you don't know, a-babe I love you so You got me all tore up, all tore up

Well, my spirit's low I miss you so I stand alone and watch you go

I can't hardly stand it You're troublin' me I can't hardly stand It just can't be Well, you don't know, a-babe I love you so You got me all tore up, all tore up

Well, now that you are gone And I'm alone All I do is sit and moan

I can't hardly stand it You're troublin' me I can't hardly stand It just can't be Well, you don't know, a-babe I love you so You got me all tore up, all tore up

Baby, all tore up Baby, all tore up All tore up...
