Primitive

The Cramps

What I don't know
Can never hurt me
I live a life
That's working for me
What I respect you just can't see
What you expect I'll never be

Primitive that's how I'll live
Primitive I take what you give
Cause I love and I live primitive

The things I do
You'd never try
What I get free
You have to buy
I'm proud of my life
But don't ask me why
Cause if I told ya,
I'd probably...

Primitive that's how I live
Primtive I'll take what you give
Cause I love and I live primitive

Primitive that's how I live
Primtive I'll take what you give
Cause I love and I live primitive
