

## Taboo

## The Cramps

You flew in from (?) zoo  
We met at my waterloo  
Doomed from the start  
I wished it wasn't true  
But I was caught with one whisk of your shoe  
Deep down I knew I should say to you  
But you're under my skin like some dead drunk tattoo

Taboo  
Oooooooooo  
Taboo  
Oooooooooo

Taboo

Taboo  
Deep down inside of you  
You know it's taboo  
Give the Devil his due  
Taboo  
Such a bad thing to do  
Down at the end of your avenue  
Taboo  
Who can say what's taboo  
Taboo  
What's for me ain't for you

Taboo  
Oooooooooo  
Taboo  
Oooooooooo
