

What's Behind The Mask

The Cramps

I been seeing you for months coming to this place
Now what I wanna know is, honey
When can I see your face?
I know you been hiding something secrets in your past
Whooo, baby, I just gotta know what's behind the mask

Please, baby, please please give me one quick glance
Now how come I can't see your face when I see what's in your pants?
Is it a skin condition? or an extra eye?
Surgical incision? I keep wonderin' why (why!)

Uhhh... you ain't wearin' silver bullets or carving z's in chests
It's been months since halloween honey, I can't guess
Now just relax and let me lift up this edge and let me take a peek
Ooh, let me have a look in here... eeeeeeeek!

Well, curiosity killed this cat, sorry I ever asked
What I don't know can't hurt me as much as what's behind the mask
What's behind the mask, girl what's behind the mask
What's behind that mask, girl sorry I ever asked.
