

## Electric Blue

The Cranberries

Electric blue eyes, where did you come from  
Electric blue eyes, who sent you  
Electric blue eyes, always be near me  
Electric blue eyes, I need you

Domine, domine, deus  
Domine, adiuva me  
Domine, domine, deus  
Domine, adiuva me  
Hey, eh, hey, eh

If you should go, you should know I love you  
If you should go, you should know I'm here  
Always be near me, guardian angel  
Always be near me, there's no fear

Domine, domine, deus  
Domine, adiuva me  
Domine, domine, deus  
Domine, adiuva me  
Hey, eh, hey, eh
