

Saving Grace

The Cranberries

It could happen here today
It could happen here today
And I can't wait to see your face
No I can't wait to see your face

Can you hold on while I take hold of myself
Can you hold on while I take hold of myself

You're the little thing, my saving grace
You're just a little thing, my saving grace

It could happen here today
It could happen here today
You are my saving grace
You are my saving grace

Will you be strong while I take hold of myself
Will you be strong while I take hold of myself

You're the little thing, my saving grace
You're just a little thing, my saving grace

It could happen here today
It could happen here today
You are my saving grace
You are my saving grace
