

The Glory

The Cranberries

Could you come over
Could you come over
I'm feeling blue
What will you do
If you could come over
You could come over
I'm feeling bad
I'm feeling sad

Then I see the rose
I see the glory in your eyes
And winter comes and then it snows
I see the glory in your eyes
I'm feeling lost
I see the rose
I see the glory in your eyes
And winter comes and then it snows
I see the glory in your eyes, in your eyes...

Do you remember
Late in September
The banshee cry
When someone dies
Sleeping in silence
While I am dreaming
It's all in my mind
The beauty I find

Lost I see the rose
I see the glory in your eyes
And winter comes and then it snows
I see the glory in your eyes
I'm feeling lost
I see the rose
I see the glory in your eyes
And winter comes and then it snows
I see the glory in your eyes, in your eyes...
