

## Moonlight For Lovers

The Crash

I'll be ok in here  
Troubles have gone swimming  
Into the deep old sea

And there's moonlight for lovers  
Moonlight for others  
There is moonlight for lovers tonight

I'll be ok in here  
troubles will sail away  
Under the milky way

And there's moonlight for lovers  
moonlight for others  
There is moonlight for lovers tonight.
