

Thorn In My Side

The Crash

The stable hands
Waving away this stormy affair (ea-hee)
Like we wouldn't care

The stable hands
Tearing away this thorn in my side
You by my side

But I know

When you're not around here
I'm gonna fall
I'm gonna fall
If you're not around me
I'm gonna lose
I'm gonna fall

Talking away but thinking in rhymes (ea-haa)
The stable plans
Fading away this Bonnie & Clyde

You by my side
Hey please don't bring me down

If you're not around here
I'm gonna fall
Yeah I'm gonna fall
If you're not around me
I'm gonna lose
Yeah I'm gonna fall

When will you turn around
Hey, when will you turn around to me
When will you turn around..to me

Hey please don't let go
'Cause I'm still holding on

If you're not around me
I'm gonna fall
Yeah I'm gonna fall
If you're not around me
I'm gonna fall
Yeah up against the wall
I'm gonna lose
Ye I'm gonna fall
