

# Thorn In My Side

## The Crash

The stable hands  
Waving away this stormy affair (ea-hee)  
Like we wouldn't care

The stable hands  
Tearing away this thorn in my side  
You by my side

But I know

When you're not around here  
I'm gonna fall  
I'm gonna fall  
If you're not around me  
I'm gonna lose  
I'm gonna fall

Talking away but thinking in rhymes (ea-haa)  
The stable plans  
Fading away this Bonnie & Clyde

You by my side  
Hey please don't bring me down

If you're not around here  
I'm gonna fall  
Yeah I'm gonna fall  
If you're not around me  
I'm gonna lose  
Yeah I'm gonna fall

When will you turn around  
Hey, when will you turn around to me  
When will you turn around..to me

Hey please don't let go  
'Cause I'm still holding on

If you're not around me  
I'm gonna fall  
Yeah I'm gonna fall  
If you're not around me  
I'm gonna fall  
Yeah up against the wall  
I'm gonna lose  
Ye I'm gonna fall
